I Miss You

I miss you when something really good happens, because you are the one I want to share it with, I miss you when something is troubling me, because you are the one who understands me so well. I miss you when I laugh or cry because I know that you are the one who makes my laughter grow and my tears disappear. I miss you all the time but I miss you most when I lay awake at night and think of all the wonderful times we spent with each other; for those were some of the best times of my life.
