Farwell

When day is done,
a figure turns and says
a last goodbye.
We cannot understand where
they must go, or why.
But as they leave our sorrow
and our sad tears far behind,
they move ahead to seek the peace
that every soul must find.
For now they sail a different ship
upon a different sea –
a voyage filled with love and hope
and new discovery.

And when the journey brings
them to that distant lighted shore,
they'll be greeted by the
outstretched arms
of those who've gone before:
people they have known
and loved,
and voices from the past
will be singing out the
welcome news
that they are home at last.
